(1) Fees claimed are liquidity-provider fees from the BANDAR/cbBTC pool on Robinhood Chain, collected in two transactions on November 16, 2026 at 22:35 and 22:36 (Asia/Jakarta). Amounts are net of a 4% fee retained by the liquidity-lock provider (44.17 BANDAR and 0.00007924 cbBTC). USD values use the BTC-USD price at the minute of each claim ($64,101.06 and $64,046.66, Coinbase) and the last BANDAR/cbBTC pool trade price before the claims (approximately $0.04137 per BANDAR).

(2) The Ronin treasury contribution is 0.00031000 cbBTC, transferred on November 16, 2026 at 22:51 (Asia/Jakarta), equal to 16.3% of net cbBTC-side fees claimed in the period and $20.00 at the BTC-USD price at transfer ($64,506.23).

(3) Retained amounts equal 0.00128212 cbBTC, or 67.4% of net cbBTC-side fees claimed in the period, and are retained for operation cost, development, and future community events.

(4) BANDAR burned (fees) is 1,060.13 BANDAR of fees claimed on November 16, 2026, plus 6.74 BANDAR of fees collected on November 10, 2026 and held until this burn. All BANDAR burned in the period was sent to the burn address 0x000…dEaD in one transaction on November 16, 2026 at 22:58 (Asia/Jakarta).

(5) The buyback swapped 0.00031000 cbBTC for 460.19 BANDAR in the BANDAR/cbBTC pool on November 16, 2026 at 22:55 (Asia/Jakarta), $20.00 at the BTC-USD price at the swap ($64,503.17). Average buyback price is the USD amount divided by BANDAR received and includes pool fees. All BANDAR bought back was burned.

(6) Max supply stays 21,000,000 onchain. Current Supply is 21,000,000 BANDAR less all BANDAR held at the burn address 0x000…dEaD (1,527.06916253 BANDAR), or 20,998,472.93083747 BANDAR.
